Why is your future so bright?

We have opened multiple Marriott/Hilton branded hotels this year, have some under construction and will continue to develop more Marriott/Hilton branded hotels in 2015.

At age 15, Stephanie C. Shelton entered the workforce as a party coordinator at the Family Fun Center in Lakeland, Fla., dealing with as many as three parties of eight to 40 children simultaneously. Her responsibilities also included cooking, serving and entertaining. She says, "I learned how to prioritize my time, juggle multiple tasks and I also learned how to work with a variety of different personality styles." Her motivation at work still comes from respecting and enjoying the different talents of her colleagues. A self-proclaimed nerd, she believes in being kind to others and leading by example.

Personally, she finds success in balancing work and home and enjoying family and friends. She originally thought she'd become an elementary school teacher. "I loved the idea of helping mold our youth." She believes in paying it forward and participates in numerous charity and nonprofit activities personally and through work.
